

JOINT VENTURE

To collect unwanted items and redistribute to those in need

The Professional Movers Association (PMA) is the premier association for over 90 top national movers in South Africa.

Lions Clubs meet the needs of local communities around the world, but share a core belief – community is what we make it!

AIM OF THE VENTURE

The 179 Lions Clubs spread throughout Southern Africa are in a joint venture with the Professional Movers Association (PMA) to distribute donated goods to those who need it.

When PMA clients move home it creates opportunities to collect unwanted items, such as clothes and household items, and redistribute it to those in need - without inconvenience to the donor.

The PMA has access to the generosity of many South Africans, while Lions Clubs have access to many organisations and groups of people in need of support. **This creates the opportunity for a worthy joint venture to serve communities throughout South Africa.**
